Dear Parent/ Guardian,

### **RE: END OF TERM I - 2022 PARENTS' CIRCULAR**

On behalf of the staff and children of KKA I wish to thank the almighty God who has enabled us to complete Term I of 2022 successfully. We also thank the parents for the continued support towards our endeavors to make KKA a better Institution for all the stakeholders. Please allow me to briefly communicate the following to you:

1. **END OF TERM I REPORTS & HOLIDAY MOTIVATION WORK:** Every child has been given her/his end of term I of 2022 report. Please study your child's report carefully and if there are any issues of concern, do not hesitate to bring them to the attention of the Class Teacher or the Head Teacher.

All children have been given holiday motivation work which is supposed to be done in bits under the parent's guidance. Children who have been given project work should start it early enough in order to complete it and be able to submit it at the start of Term II.

### 2. **HIGHLIGHTS OF THE JUST CONCLUDED TERM:**

- a. **Orientation Weeks:** To enable the school operate amidst covid -19 threats, the school had to come up with guidelines of managing the children, staff and parents which was shared with the staff and the parents in the orientation meetings which were set as follows:
  1. **Friday January 14, 2022:** This meeting was organized for the parents and teachers of Red and Yellow whose children were to start school on Monday January 17, 2022.
  2. **Friday January 21, 2022:** This was organized for the parents and teachers of Green and Blue whose children were to start school on Monday January 24, 2022.

The set guidelines were followed by all the stakeholders for three weeks and things were going on well. However, when the children started falling sick, parents did not comply with the guideline of treating them at home until they are healed. They instead connived with the teachers and started keeping the sick children in classes. This escalated flu and cough in the school which led many children to be admitted to hospitals. We however thank God that we did not get any case of covid -19.

We also thank God that our children have started responding to the school instructions which seemed hard for most of them after staying at home for two years of the covid - 19 lockdown.

### b. **Curriculum Week:**

This was held from Monday February 28 to Friday March 4, 2022.

Parents were taken through the details of the curriculum expectations and challenges at the three different levels; the theme of the year 2022 was also introduced respectively: Parents and teachers discussed and agreed on the following:

1. The Theme of the Year as: 'Effective Communication Leads to Excellence'.
2. The greeting slogan of the Year as; 'I am fine and a good communicator'.
3. The school and all its stakeholders to improve on our communication skills. Parents and teachers were requested to ensure that children are trained to communicate better.

### c. **Open Week:**

The school held a Parents Open Week from Monday 21<sup>st</sup> to Friday 25<sup>th</sup> 2022 We believe that the interaction must have made a big change as regards the child's general performance. Parents are advised to make a follow up on whatever was agreed upon as the way forward in helping your child to progress further. Parents who did not turn up for the Open Week are advised to do so at the beginning of next term.
