Dear Parent/Guardian,

Re: End of Term II 2024 Circular

Greetings from the Management, Staff and Children of Kampala Kindergarten Association (KKA). We thank the Almighty God for enabling us to safely complete Term II 2024 today, Wednesday 21st August, 2024.

Our dear parents/guardians, we congratulate and thank you for your continued support in all the school programmes. As we break off for the holidays, we wish to communicate the following to you:

1. END OF TERM II 2024

a. Children's Progress Reports

Every child has been given an End of term II Progress Report. Please study your child's report carefully and if there are any issues of concern, kindly approach the Class Teacher, Deputy Head Teacher or Head Teacher for clarity. In case the teacher has indicated or recommended something in the child's report, we request you to address it for the good of the child.

b. Holiday Motivation Work

All children have been given Holiday motivation work to help them revise the taught concepts. Please, encourage your child to do the work under the supervision of a responsible person and return it at the beginning of term III 2024 for marking. The Holiday Motivation work includes a project work section which the child has to start at the beginning of the holiday in order to complete it in time. The parent's encouragement and guidance is very vital in this area. The children of blue and green classes have also been given a list of words to read and learn, kindly supervise, encourage and guide them to read them regularly. They will be tested by their teachers at the beginning of Term III.

c. Children's Files

Your child's paper-work has been filed in his/her file; you may use it for revision purposes. We request the Parents to off load and return the files at the beginning of Term III.

2. TERM ACTIVITIES

a. Class photos

The school took Class photos from 17th to 21st June, 2024. Every child was expected to take 2 copies (a big one and a small one) for home records at a cost of Ugx 3,500/= only. Those of you who have not yet picked these copies from the teachers, are requested to do so at the beginning of Term III.

b. Education Trips

As a way of exposing children to a wider environment, the school organized Education trips for all the children from 1st to 5th July, 2024 as follows: Naro Fish Farm - Kajjansi and Entebbe Meteorological Centre for the Blue Level, Uganda Wildlife Education Centre - Entebbe for the Green, Red and Yellow Levels.

In addition to the general trips, different classes conducted trips to different places in the interest of reinforcing the curriculum taught concepts. We thank the KKA drivers who were transporting the children and the teachers who organized and conducted the trips. We also thank parents for the contribution of Ugx 20,000/= towards the entry fees. In a special way, we wish to appreciate Mummy Fernanda and Mummy Okuku who hosted some of the classes. May the good Lord bless them. We believe that the children benefited much from this arrangement.

c. Open week

The school organized an Open week from Monday 15th to Friday 19th July, 2024 with the purpose of giving parents an opportunity of checking on their children's progress. Parents who did not turn up are advised to create some time during the holidays to have a physical interaction with the teachers to discuss the child's progress and forge a way forward for further improvement.

d. Literacy Week:

The school conducted a Literacy week from 5th to 10th August 2024, under the theme; "Effective planning Promotes Reading and Writing." This was an extract from the year theme; "Effective Planning leads to Excellence." We

wish to register our sincere appreciation to you for the support which was expressed in your contributions and attending in big numbers. The week had several activities among which was having parents reading stories to children in classes. We thank the parents who were requested and accepted to get involved in the exercise. Our children were very excited about it.

I would like to recognize the classes which emerged the winners of the Literacy Exhibition; Class 3A at the Green Level (overall winner) and class 5B at the Blue level (1st runners up). We thank the teachers, children and support staff for their tireless and selfless effort towards the success of the event.

3. GENERAL ISSUES

a. Children's Health

There has been rampant cough and colds that resulted into high temperatures among children. This brought about irregular attendance of school by children. We thank the parents who have been co-operative whenever called upon to pick their sick children for further treatment.

b. School Fees

The school dues have remained the same; Normal Programme (half day) **1,062,500/=**, Day Care Programme (full day) **1,342,500/=** All school dues are paid in the bank before the beginning of the term. No child will be allowed in class before full payment of fees is made. Please be informed that you can only pay cash for the following: club, lunch, late pick-up, extra uniforms and diaries, for which you have to get a receipt. Post-dated cheques are not accepted by the school any more.

c. School Transport Scheme

Parents with children on the Transport scheme are requested to pay the term's charges before the service is delivered. There are 58 school days in term III 2024. The money has been calculated and indicated on the bank slip.
